

SKIPPER'S HAT CHALLENGE AND TOP-CREW TROPHY

2014

This trophy, donated by Barbara Watson, is a perpetual trophy consisting of a Swedish-crystal sailboat on top of a black-marble base. It will be awarded each year following a specific competition, with the winning Skipper's and winning Top Crew's names engraved on the base. In addition, the winning Skipper will receive a Celtic knot charm and the winning Top Crew will receive a smaller Celtic knot charm.

Each year a series will be sailed. Only those Salty Sisters who have been awarded their Skipper's Hat may race. The series will take place in a two-man boat, with a spinnaker, although skippers may opt not to use the spinnaker. Names will be drawn if necessary and all teams of two should be different each race day. Two races will be sailed each day, with each Salty skippering once and crewing once. All scores will be independent to each Salty, so for each race the skipper receives her points and the crew hers, according to the finish. Some discretion may be allowed to the Co-Captain to achieve the completion of this competition. Three days of two races each will constitute a regatta, although five would be better. If more than two races are sailed on one day, the Skipper and/or Crew will receive their average points for the day.
